Suez Global Vendors

Regarding: Country of Origin Certificates

Dear Valued Supplier Partner,

Please be reminded that in accordance with Suez Water Technologies & Solutions (“SWTS”) Terms and Conditions, all SWTS entities and affiliates worldwide require Certificates of Origin (“COO”) for all shipments. For your reference at the following [link](#), is a sample Certificates of Origin with the requisite information in a format acceptable to SWTS. While SWTS suppliers/vendors may use alternate forms, at a minimum, the following information **must** include:

- Name and address of Exporter/Seller
- Description of the Goods (including Suez or Vendor Part Number)
- Country of Origin
- **Province, State, Region, or Address of Actual Manufacturer**
- Free Trade Preference Criterion (if applicable)
- When appropriate, Mill Certificates may be required

Furthermore, SWTS’s Terms and Conditions require that suppliers/vendors provide proof of origin and that goods be marked properly for import. **Failure to provide the required information or to properly mark the goods for importation may cause shipments to be unduly delayed or denied entry.**

SWTS will **NOT** be responsible for merchandise denied entry by the customs agency of any country or any resulting charges, including but not limited to demurrage charges, customs duties, excise taxes, freight charges, brokerage charges, or vendor invoices, all of which shall be the responsibility of the supplier/vendor.

Thank you in advance for your cooperation and continued partnership. If you have any further questions, please contact your Suez Sourcing Representative.
